

Third International Conference on Applications of Mathematics to Nonlinear Sciences (AMNS-2023)

May 25-28, 2023
Pokhara, Nepal

<http://anmaweb.org/AMNS-2023>

Plenary Speakers

Amy B. Ellis

University of Georgia
USA

Irene Fonseca

Carnegie Mellon
University
USA

Alun Lloyd

North Carolina State
University
USA

Bhramar Mukherjee

University of Michigan
USA

Frank Werner

Otto von Guericke
Univ, Magdeburg
Germany

Zhou-Ping Xin

Chinese University
of Hong Kong
Hong Kong

Focus Areas

Differential Equations and Nonlinear Analysis; Mathematical Biology; Probability, Statistics, and Big Data; Algebra and Topology; Mathematics Education; Numerical Analysis, Scientific Computation and Optimization

Sponsors

The Abdus Salam
International Centre
for Theoretical Physics

विश्वविद्यालय अनुदान आयोग
University Grants Commission

CIMPA Summer School in Data Visualization, Modeling, and Mathematical

Prior to the conference, there will be CIMPA Summer School in Data Visualization, Modeling and Mathematical Tools in Kathmandu, Nepal from May 15 to May 24, 2023. Travel supports are available for students and junior faculty from Nepal and neighboring developing countries. Details about the summer school is available at <http://anmaweb.org/AMNS-2023/summer-school.html>.

Deadline for Summer School Registration: February 1st, 2023

Conveners

Gokarna Raj Aryal, aryalg@pnw.edu
Shree Ram Khadka, shree.khadka@cdmath.tu.edu.np

Organizers

Association of Nepalese Mathematicians in America (ANMA)
Nepal Mathematical Society (NMS)
Central Department of Mathematics, Tribhuvan University
Department of Mathematics, Kathmandu University

Abstract submission deadline: **April 1st, 2023**

Early online registration until: **April 1st, 2023**

Please visit <http://anmaweb.org/AMNS-2023> for more information.
