

If you are driving from I-75 S

1. Take Exit 163, take left to the Mercer University Drive. **Note that your GPS might want you to take the Exit 164, please don't. It's easier from the 163 exit.**
2. Then turn left from the second traffic light to the College Street. Note that you have to pass the parabola-looking arched pedestrian bridge.
3. Turn right to the Prince Street. You will enter a big parking lot. Keep driving until you reach another bigger parking lot. Park anywhere you want on this lot. This is the largest RED parking lot as you can see on the attached campus map.
4. Look at the attached campus map. The workshop will be held in the Building #2, the Knight Hall. The math department is the Building #14, the Ware Hall.
5. Call Kedar Nepal at 405-714-8693 if you get lost 😊

If you are driving from I-75 N

1. Take Exit 163, take right to the Mercer University Drive.
2. Then turn left from the second traffic light to the College Street. Note that you have to pass the parabola-looking arched pedestrian bridge.
3. Turn right to the Prince Street. You will enter a big parking lot. Keep driving until you reach another bigger parking lot. Park anywhere you want on this lot. This is the largest RED parking lot as you can see on the attached campus map.
4. Look at the attached campus map. The workshop will be held in the Building #2, the Knight Hall. The math department is the Building #14, the Ware Hall.
