

## Workshop on

# Collaborative Research in Mathematical Sciences

organized by

Association of Nepalese Mathematicians in America  
(ANMA)

May 25 - 27, 2018

**Venue:** Department of Mathematics  
Mercer University, Macon, Georgia

**Local Contact:** Dr. Kedar Nepal  
nepal\_k@mercer.edu

### Why this workshop?

- Identify and get involved in new collaborative research projects and/or continue existing projects in collaboration
- Build network with senior/contemporary researchers
- Learn about undergraduate mathematics research

**Potential Areas for Collaboration:** Applied Differential Equations, Nonlinear Analysis, Mathematical Biology, Abstract Analysis, Applied Statistics, Mathematics Education, Undergraduate Research, and many more!

**Graduate students are strongly encouraged to participate. Local accommodation will be arranged. Registration is free for graduate students who participate in the workshop and join a group for collaborative research projects.**
